 Success has been so easy for you

 But don't forget it's me who put you where you are now

 And I can put you back down too

Try holding down D with 2nd 3rd and little finger then you just slide them up for the E chord and add your first finger on the first string.

 C D C D
Don't you want me baby? Don't you want me oh

I was working as a waitress in a cocktail bar
 That much is true
 But even then I knew I'd find a much better place
 Either with or without you
 The five years we have had have been such good times
 I still love you
 But now I think it's time I lived my life on my own
 I guess it's just what I must do
