

Bless This Acid House

Kasabian

[A]///[A]///

[A] One day it comes and then it gets you

[E] Crashing waves, you're thinking it's all over

[A] I swear they're never gonna break you, [E] Gotta hold on tight

[A] Still life just waiting for the weekend [E] This town is easy to forget

[A] Don't take the world upon your shoulder, [E] Gotta get on home

[D] She said

[E]"God bless this acid house" [D] She said

[E]"God bless this acid house" [D] She said

[A] I get high for just one minute, I'll [D] take my life and jump right in it

I [A] see my friends in all our numbers, Rip [D] up my plans,

nothing matters at [E] all, Got no reason to [D] lie, Got a reason to [F#m] try

We got time on our [E] hands, our hands, our hands, our hands [A]///[A]///

[A] Some day you'll find what you wanted

[E] Felt like you're never gonna get it

[A] 'Til then we can't miss the last train [E] Gotta get on home

[A] You know we change for the better [E] I said its easy to remember
