

Intro: [G] ///|

## Key of G

[G] We'll do it all [D] ///| everything [C] ///| on our own [G] ///|////|  
[G] ///| We don't need [D] ///| anything [C] ///| or anyone [G] ///|///

If I lay [G] here if I just [D] lay here  
Would you lie [C] with me and just forget the world [G] ///|////|

[G] ///| I don't quite know [D] ///| how to say [C] ///| how I feel [G] ///|////|  
[G] ///| Those three words [D] ///| are said too much [C] ///|  
They're not enough [G] ///|///

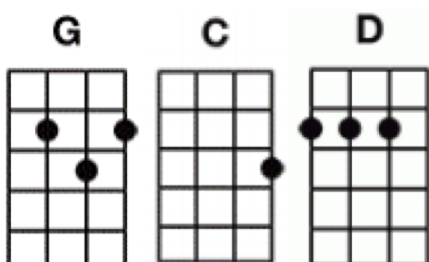

If I lay [G] here if I just [D] lay here  
Would you lie [C] with me and just forget the world [G] ///|///  
Forget what we're [G] told before we get [D] too old  
Show me a [C] garden that's bursting into life [G] ///|////|

[G] Let's waste time [D] ///| chasing cars  
[C] ///| Around our heads [G] ///|///

If I lay [G] here if I just [D] lay here  
Would you lie [C] with me and just forget the world [G] ///|///

[G] All that I am all that I [D] ever was  
Is here in your [C] perfect eyes they're all I can see [G] ///|///  
I don't know [G] where confused about [D] how as well  
Just know that these [C] things will never change  
For us at all [G]

If I lay <[G]> here if I just <[D]> lay here  
Would you lie <[C]> with me and just forget the world <[G]>
