CHAPPELL ROAN

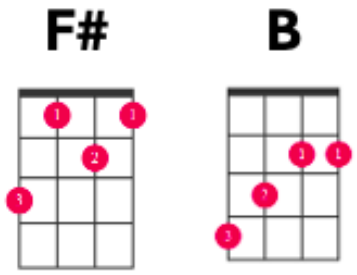

Five, six.....Five, six, seven, eight
[F#] ///|////|////|////|**[B]** ///|////|////|////|
[F#] I could be the one, or your new addiction
It's all in my head but I want non-fiction
[B] I don't want the world, but I'll take this city
Who can blame a girl? Call me hot, not pretty

[F#] Baby, do you like this beat?
I made it so you'd dance with me
It's like a **[B]** hundred ninety-nine degrees
When you're doing it with me, doing it with me

[Pre-Chorus] **[F#] H-O-T-T-O-G-O Snap and clap and touch your toes,**
Raise your hands, now body roll, Dance it out, you're hot to go
[B] H-O-T-T-O-G-O Snap and clap and touch your toes
Raise your hands, now body roll. H-O-T-T-O-G-O

[Chorus] **[F#] H-O-T-T-O-G-O. You can take me hot to go**
[B] H-O-T-T-O-G-O. You can take me hot to go

Well, I **[F#]** woke up alone staring at my ceiling
I try not to care but it hurts my feelings
[B] You don't have to stare, come here, get with it
No one's touched me there in a damn hot minute

And **[F#]** baby, don't you like this beat?
I made it so you'd sleep with me
It's like a **[B]** hundred ninety-nine degrees
When you're doing it with me, doing it with me

[Pre-Chorus]
[Chorus]

[Bridge] **[F#]** What's it take to get your number? What's it take to bring you home?
Hurry up, it's time for supper Order up, I'm hot to go
[B] What's it take to get your number? What's it take to bring you home?
Hurry up, it's getting cold. Order up, I'm hot to go

[Chorus] **[F#] H-O-T-T-O-G-O. You can take me hot to go**
[B] H-O-T-T-O-G-O. You can take me hot to go
[F#] H-O-T-T-O-G-O. You can take me hot to go
[B] H-O-T-T-O-G-O. You can take me hot to go
